Languages

Thai : Native

English : Written - Working · Spoken - Basic

Technical Skills

Unity (URP)

- Render Features, Shader Graph, SRP Batcher

Shader & HLSL

- Anime/Toon Shading, Transparent Hair, Hair & Face Shadow

VFX

- Impact Frame, Trails, Stencil Buffer, Stylized Smoke

Cinematic Cutscene

- Timeline, Camera, Lighting Direction, Scene Composition

Optimization

- Asset Budgets, ETC2/ASTC, Draw Call & Overdraw Reduction

Profiling & Debugging

- RenderDoc, Frame Debugger, Unity Profiler, Android Logcat

Graphics API

- Vulkan, OpenGL ES

Experience

Shipped: Father, Son & Holy Guns · Regulus: The Advent · Nice to Z You

2026 - Present | Jumbo Jumps Studio | Unity Engine Lead Technical Artist & VFX Artist

- Own the TechArt pipeline: assets, materials, lighting, VFX, optimization
- Lead the TechArt/VFX team and approve all work for quality and consistency
- Built internal libraries: Anime Shader, Trails, Reflection, Grass, VFX
- Set asset budgets and project standards for all art teams
- Turn CEO and project-lead direction into clear technical tasks

2022-2025 | Jumbo Jumps Studio | Unity Engine Senior Technical Artist & VFX Artist

- Raised Regulus FPS from 9.8 to 30.9 (3.2x) on a low-end Android phone
- Developed custom anime shaders in HLSL with custom lighting
- Produced in-game cinematic cutscenes with Unity Timeline
- Built stylized VFX: impact frames, stencil portals, anime smoke
- Profiled GPU passes with RenderDoc, Frame Debugger and Unity Profiler

Independent | ZLZ Studio | Unity Asset Store Shader Developer & Publisher

- ZLZ Anime Shader: transparent hair, hair shadow and face shadow for URP
- ZLZ Env Shader: stylized water, grass and surface shaders for URP
- Each package ships with a live WebGL demo and full documentation

2019-2022 | True 5G Studio | Unreal Engine Technical Artist & VFX Artist

- Built real-time Virtual Production scenes in Unreal Engine
- Composited live-action footage with Unreal using Aximmetry
- Scripted real-time sequence switching and scene logic in Blueprint
- Modeled, textured, lit and optimized scenes for live production
